

Tragic Accident

Funeral Services Today For Ada Townsend, State FOE Auxiliary Head

Ada Townsend

A tragic accident Friday claimed the life of one of Albany's most popular and active matrons, Ada Elizabeth Townsend, 68, of 816 Pomona Ave., who was state president of Eagles auxiliary.

Her husband, Herbert F. (Bert) Townsend, told the Times that he and his wife and an Oakland couple, longtime friends they had gone to visit, went to Oakland outer harbor so the Oakland man could deliver some radio tubes to an officer of the boat.

"We had planned to go to dinner first and then visit the boat, but we decided to go to the boat while it was still daylight," he said. "The two women went ahead and I was behind Ada, helping her up the gangplank. As she reached the boat, it lurched and she toppled 10 to 12 feet down to the dock. There was no railing."

Townsend said her skull hit the side of the dock, and she suffered a broken shoulder. Rushed to Oakland Kaiser emergency, she was conscious for about an hour after the accident, but she died about 9 p.m. of a brain hemorrhage.

An Albany resident for the past 39 years, she was a native of Birmingham, England. She was past president and charter member of Bayview aerie 2323 auxiliary, Fraternal Order of Eagles, and last June, she was elected Madam State President of the auxiliary.

She had served for many years as Albany chairman of the City of Hope fund-raising campaign, having recently completed a successful drive. She also actively participated in the Eagles auxiliary Max Baer Heart Fund and Muscular Dystrophy drive. She was past president of the Auxiliary to the Painting and Decorating Contractors' association of Alameda County.

Her husband is business manager of Painting and Decorating Contractors' association of Alameda County. Other survivors

include three daughters, Edna J. and Katherine A. Townsend and Patricia I. Gay, all of Albany; two brothers, Frank H. and William Small, Birmingham, England, and three grandchildren.

Funeral services will be held at 1 p.m. this afternoon at Ellis-Olson mortuary, 727 San Pablo Ave.

Pallbearers will be William T. Donahue, Tony Massi, Tony Kalberer, Joe Vargas, Tim Geist and John Noe.

Officers of the State of California Eagles auxiliary conducted services last evening at the mortuary.

Memorials in her memory may be sent to the City of Hope in the name of Albany auxiliary 2323, Fraternal Order of Eagles, 3223 Carlson Blvd., El Cerrito.

Note of Thanks

My deepest gratitude to the many friends who, during my recent illness, have remembered me in their own particular way—flowers, plants, get-well messages, inquiries, telephone calls, prayers, books, visits or just a passing thought that wished me well.

Words cannot adequately express what all these expressions of thoughtfulness have meant to me and have done for me or the sincere appreciation I feel from the bottom of my heart.

This note would not be complete without my expression of deep gratitude to those members of the Albany Police and Fire Department and to City Health Officer Robert McMahon, M.D., who responded so quickly to the call and worked so efficiently with me when I was stricken at the Albany Adult school on the evening of Jan. 11.

Y Still Seeks 143 Members And \$1,425

The final report meeting of the Albany YMCA membership campaign last Thursday left the volunteer committee with a job to finish: finding 143 members and \$1,425 to reach the goal of 275 members and \$3,500.

Chairman Bill Rothchild reported that if the 73 renewals with a value of \$1,098 come in, they need only 70 new members and \$327.

Top point producer last week was Red Call with 105 points. Top membership producer was Walter Kees with 13. Top value producer was Ted Valli with \$230.

Workers are urged to complete their assignments and have final reports by the Board of Management meeting tomorrow noon, Rothchild said.

Tomorrow noon is the deadline for filing nominating papers for the city election April 9.

With three vacancies on City Council, Mayor Richard Clark, George Hein and H. F. Call have filed. Mrs. Phyllis Lyon took out papers but had not filed as of Tuesday morning.

(Note: About noon Tuesday, John Fleich took out papers.) There are two vacancies on the Board of Education. Milton Porter and Anita Tronoff have filed their papers. Kay Geering, incumbent, has announced she will not run.

Marietta Ferreira, city treasurer, has filed to succeed herself.

Anyone who is interested may sign up at the Albany Police Department any time day or night.

Note of Thanks

I wish to thank members of the Albany Police and Fire departments who responded to our call for help Feb. 7 when my wife, Elsie, was stricken with a heart attack. They came quickly and gave her oxygen until the ambulance from Kaiser hospital in Oakland arrived.

City Council Agenda High Lights

Albany City Council met last night because of the Lincoln birthday holiday.

The agenda indicated Council would vote on three charter changes: disciplinary action, transferring functions of the library to the county and changing meeting time of the pension board.

Held over from last week was a County Board of Supervisors policy that funds be provided in the budget for works of art to be installed in connection with the building project.

Bids were scheduled to be opened for Cable Antenna franchise and Administrative Officer James B. Turner was to make recommendations on awarding of bids for public works equipment.

A public hearing was slated on the application for a permanent permit to operate a taxicab by Patron Services Cooperative-Taxi Unlimited.

Communications had been received asking that Feb. 18-24 be proclaimed "Engineers' Week," from the Police and Fire Civil Service club asking for a work session to discuss actuarial for the pension fund, and from the City of San Leandro supporting action of the Alameda County Mayors' conference in relation to regional government problems.

School Board Considered Many Items Last Night

Although the Board of Education of Albany Unified School district was meeting last night, the agenda indicated many items of interest were to have been considered.

Nursery Education Week is to be observed March 5-9 with open house at Children's Center, the parent nursery in the Village, as well as a special observance March 7 from 10 a.m. to 4 p.m. at Security Savings and Loan.

The counseling department at Albany High school is planning a program on job opportunities

Tuesday, March 12, at the Little Theater at AHS.

The board was to discuss the proposal of the Albany City Council with reference to the 35 cent tax the city collects for the schools.

Albany High junior class requested approval to hold the annual Junior-Senior prom off campus. Board Member Robert Nehls was expected to be authorized to attend a meeting of California School Boards association March 2 and 3. Superintendent Kenneth Forry asked to attend the conference of Public Schools Business officials in Fresno April 1-4.

To be considered was a proposal to exempt grade six from foreign language instruction because two foreign languages are now taught in both seventh and eighth grades.

Summer session dates of June 26 through July 27 were on the agenda for approval.

Personnel items included a letter from John Thomsen asking for extension of his leave of absence through the 1968-69 school year; resignations of Mrs. Beth Wachenheim, educationally handicapped teacher at Cornell school, effective Feb. 13, and Sheila Farrell, AHS teacher, effective at the end of the year.

Probable appointments include Lawrence Hughes as acting principal of Albany Adult school until the return of Robert Dennis and as assistant to Dennis upon his return; Mrs. Rae Volz, EH teacher at Cornell, and Mrs. Barbara Jaramillo as secretary at Cornell school replacing Mrs. Irene Freeman, whose resignation effective March 1 was before the board.

The board was expected to discuss and review AB 159, the new bill introduced in Sacramento to give Albany tax relief for the cost of educating children from University Village.

Camp Fire Mint Sale Ends Saturday, Feb. 24

Just as Dorothy of storybook fame followed a yellow brick road to the Land of Oz, the Camp Fire Girls of Codornices Council followed a chocolate mint road to Day Camp in Tilden Park last summer. The girls participated in three eight-day session of typical camp activities, including nature study, sports and crafts.

This is just one way in which proceeds from the candy mint sale are used by the Camp Fire organization, according to Cyril Orly, president. Although Codornices Council is a member agency of United Bay Area Crusade, funds from that source are inadequate to finance council operations totally. The mint sale has the full approval of UBAC officials, he noted.

It is a value, received project in which the public gets a tangible product in return for its contributions, he pointed out, and also gives the youngsters an opportunity to share in raising monies to support activities from which the derive both enjoyment and valuable training and experience. An additional benefit, he continued, is the business experience which the girls receive in conducting the sale.

The drive continues through Saturday, Feb. 24. Orders for the mints may be placed by calling the Camp Fire office at 841-4220.

Mint Sale Ends Feb. 24

BLUE BIRDS Carol Leitch, left, of Kensington school and Rachel Frankel of Cragnmont are among the hundreds of area Camp Fire Girls and Blue Birds who will conclude the annual sale of mints Feb. 24.

Mrs. John Herbert, president, will preside.

Mrs. William J. Bradley will hostess the social hour to follow the meeting.

Mrs. Jane Vincent will be in charge of the gift table, proceeds from which will be used for student welfare.

The rummage sale scheduled for Feb. 26, under the chairmanship of Mrs. Hal Hall, has been postponed. A new date will be announced later.

Richard Galindo Commended

Richard Galindo, son of Mrs. David Edgar of 128 St. Alban's Rd., Kensington, has received a letter of commendation from the commanding officer of the USS Fechteler, which is now in Long Beach following service in Vietnam.

Richard was one of three navy men who were lauded for devotion to duty and leadership ability.

The letter concludes, "Your efforts have proven to be extremely valuable in the safe navigation of the ship. . . . Your devotion to duty reflects the highest credit upon yourself and the U.S. Navy. Well done!"

Cosmetic Surgery Topic Feb. 21 For Soroptimists

metic Surgery, or Face." He will illustrate his talk with Kodachrome slides and explain in detail the various operations followed by a question answer period.

MAYORS THRESH OUT REGIONAL GOVERNMENT

Alameda County Mayors convened a lively session in the County Administration Center last Wednesday night, Feb. 13, to discuss the proposed regional government. Mayor Richard O. Patterson, chairman of the conference, presiding at most of the session.

Concerning the regional government proposal, the mayors had some strong ideas about who should have a voice in deciding it. It should have, how additional powers should be granted to it, and how it should be financed.

The mayors agreed regional government should be responsible in such areas as air pollution, water supply, planning for open space, waste disposal, regional planning, and conservation and development.

They decided additional powers could be granted only with approval of 51 per cent of city councils and boards of supervisors of the nine counties.

An original proposal for approval of councils and boards representing 51 per cent of the population was defeated.

First Albany Solo, Ensemble Festival This Saturday

For the first time this year the music faculties of the Albany schools are presenting a Solo and Ensemble Festival. The event will take place Saturday morning, Feb. 17, from 9 a.m. to 1 p.m. at Albany High school Little Theater.

Over 100 vocal and instrumental students from Albany High school and from Marin and Cornell elementary schools will participate, either as soloists or as members of small musical ensembles. They will perform at five minute intervals throughout the morning for an adjudicator who will give them a rating and who will make constructive comments about their performance. Each entry will be issued a certificate to commemorate his performance and denoting his rating.

John Overholtzer, noted musician and educator who is presently with the Richmond schools, will act as adjudicator for the festival. He has had wide experience with all types of music in his long career as educator and performer and is well aware of the problems of the budding musician. Overholtzer was for many years the musical director of El Cerrito High school.

Albany Schools Solo and Ensemble Festival is under the direction of Ernest Douglas of the Albany High school music department. Other participating teachers are Mrs. Jeannette Musselman, instrumental director for Marin and Cornell elementary schools; Steven Lehmer, vocal music director of Albany High school; Mrs. Lois Sconberg of Cornell school and Jack McFarland of Marin school.

Mrs. Lorraine Forry of the Albany High School Band Boosters is in charge of hospitality.

The general public is invited to attend any or all parts of the festival at no charge. The audience may enter or leave the theater between the various performances, but must remain seated during the playing.

OPEN LETTER TO ALBANY

We wish to call to your attention and ask you to write your Congressman regarding the proposed prohibitive taxation on international travel.

The legislation is discriminatory, and based upon misleading statistics, striking hardest at middle and lower income earners, by increasing total travel costs approximately 30 per cent. It will

also burden travelers with an intimidating volume of paper work, impossible to administer and would directly cause an increase of Government spending in an attempt at enforcement. The cost of which would be borne by all taxpayers.

It makes no allowance for expenditures for emergencies such as illness. It will demand creation of an additional bureaucracy to inspect and verify the pre-departure estimates submitted and the auditing after the return. It would be self-defeating by inducing many to leave all arrangements until they arrive abroad instead of pre-arranging and paying here.

We urge you to write your Congressman before Feb. 16. The address is: Honorable Jeffery Colahan, House of Representatives, Washington, D.C.

Col. Sam Dows Speaks to High 12

Veterans of Foreign Wars auxiliary 2658 will hold the monthly whist party, which is open to the public, at noon next Wednesday, Feb. 21, at the Veterans Memorial building.

'Day Fish Came Out' At Albany Cinema

"The Day the Fish Came Out" is the intriguing title of the new Michael Cacoyannis motion picture now in its East Bay premiere showing at the Albany Cinema. This film, set and filmed in Greece, follows the highly successful Cacoyannis production of "Zorba the Greek."

The DeLuxe color attraction stars Tom Courtenay, Sam Wanamaker, Colin Blakely and Candice Bergen in the picture which was produced, directed and written by the versatile Cacoyannis. He also decided to design the costumes, creating over 300 designs with a flair that fits the story set in 1972. Many of the attractive outfits are made of paper and plastics.

Just as "The Day the Fish Came Out" is a first for Cacoyannis in film costume design, it is also his first film in color.

When production actually started, the village of Galaxidion, on the Gulf of Corinth accustomed through the centuries to invasions, accepted the motion picture invasion more or less in its stride. No sooner had they gotten used to this film unit and its stars than the second invasion began. For the many important crowd scenes, Cacoyannis needed around 3,500 extras and he advertised in Athens for them. They came by the hundreds, of all nationalities, packs on their backs, dust on their clothes, sandalled or barefoot. They were dubbed en masse "beatniks," but they included many students from many countries, including the United States, who spend their summer vacations wandering around Europe as cheaply as possible.

At least half the crew of "The Day the Fish Came Out" had worked with Cacoyannis before. From cinematographer Walter Lassally (winner of an Academy Award for black-and-white cinematography for "Zorba the Greek"), composer Mikis Theodorakis (who also composed the score for "Zorba"), production co-ordinator Yannoula Wakefield, continuity girl May Capaski, on to assistant cameraman, soundman, wardrobe and make-up personnel.

More Burglaries And Robberies Reported in City

Recent losses range from nearly \$3,000 down to 50 cents, but burglaries and robberies are on the increase in Albany, police report.

Curoco on the Eastshore highway was the big loser with \$2,777.80 in office equipment, radio and a case of scotch and case of bourbon. The burglary was accomplished some time between 4:30 p.m. Feb. 4 and 6 a.m. Feb. 5.

Low man, loss-wise, was a 16-year-old Albany boy who was victim of a strongarm robbery in a parking lot. He lost 50 cents.

Other reports include an armed robbery of Sciaccero's at 1007 Solano on Feb. 5. The lone robber got away with \$160 in bills.

Rosa Meuti, 649 Adams, reports a burglar entered an unlocked door and took \$28 at her home Feb. 7. Nellie Thompson of 810 Santa Fe was gardening or listening to TV when her wallet, check book, drivers license and credit cards were taken Feb. 7.

BankAmericard Sales Set New Record in State

Overshadowing all prior rec-
ords, BankAmericard sales in
California during 1967 showed a
greater increase than in the pre-
vious two and a half years com-
bined, according to Vice Presi-
dent John A. Dillon, BankAmeri-
card director, who released year-
end figures.

Sales in California surpassed
\$335.1 million, Dillon said, rep-
resenting an increase of 46.8 per
cent or \$106.8 million more than
in 1966. The highest previous
sales increase for a single year
were \$42.3 and \$41.5 millions in
1966 and 1965 respectively.

"This has undoubtedly been
our most spectacular growth year
so far," Dillon said. "In addi-
tion to the very high increase in
sales volume, BankAmericard al-
so set several other growth rec-
ords, both in California and na-
tionally."

Nationally, in the first full cal-
endar year of BankAmericard's
out-of-state licensing program,
sales reached \$458.9 million. The
number of participating licensee
and agent banks increased from
54 in 1966, to 254 at the end of
1967, an increase of 470 per cent.
The national program now covers
17 states.

Cardholders more than doubled
nationally, from 2,800,000 persons
in 1966, to 6,000,000 at the end
of 1967. In California, the num-
ber of cardholders increased by
36 per cent, from 1,900,000 in
1966, to 2,640,000 in 1967. The
California growth, Dillon pointed
out, did not involve mass issu-
ance of unsolicited cards, since
BankAmericard policy here, with

few exceptions, requires that ap-
plications be received and
checked for all new cards issued.
Merchant outlets accepting the
card increased from 79,000 na-
tionally in 1966 to about 155,000
in 1967, a growth of about 96 per
cent. In California, BankAmeri-
card merchants increased from
61,000 to 80,000, or 31 per cent.

The national licensing pro-
gram, Dillon said, brought to
California merchants a total of
\$6,888,304 in BankAmericard
sales from out-of-state cardhold-
ers. Nationally, interstate sales
between BankAmericard-issuing
banks totalled \$20.7 million.

"The especially large growth
of BankAmericard in California,"
Dillon said, "was probably due in
large part to an increased public
awareness of the value and con-
venience of bank credit cards, as
well as a concerted program of
building that involved bank em-

ployees throughout the state."
Nationally, he said, the growth
of BankAmericard should con-
tinue at a rapid pace as banks
currently licensed to issue the
card pass through their forma-
tive months and additional banks
enter the program.

ALBANY NURSE REPORTS ON HIGH RISK TB STUDY

A progress report on two years
of a three-year nationally fi-
nanced study, one which hopes to
pinpoint and isolate one high risk
tuberculosis group in a commu-
nity, was made this week by Pro-
ject Coordinator Mrs. Lois Sat-
terwhite, 912A Taylor Street,
Albany.

Mrs. Satterwhite, a public
health nurse, joined the staff of
the TB and Health Association of
Alameda County in October, 1965,
as coordinator of the research
project, financed by the National
Tuberculosis Association of
America.

Explaining the project, Mrs.
Satterwhite said that the assign-
ment was to set up and follow
a group, consisting of persons
whose minifilm chest X-rays
showed scar tissue but who had
never been diagnosed as having
active tuberculosis. Of a possible
606 participants, many were elim-
inated because examinations re-

ENGINE REPAIR COURSE

Ronald Weeks, mechanic on the
staff of Berkeley-Lee Garage, Inc.,
at 718 San Pablo Avenue, Al-
bany's authorized VW dealership,
has successfully completed the
Engine Repair Course, a factory
approved training seminar con-
ducted by Reynold C. Johnson
Co., VW distributor for Northern
California, Northern Nevada and
Utah, at its technical training
center in Burlingame. Weeks
was given five days of instruc-
tion on the latest methods to pro-
vide advanced skills related to
engine repair, under the program
sponsored by his dealership to
provide its technicians with con-
tinuous factory supervised train-
ing.

Weeks will be able to help em-

ployees throughout the state."
Nationally, he said, the growth
of BankAmericard should con-
tinue at a rapid pace as banks
currently licensed to issue the
card pass through their forma-
tive months and additional banks
enter the program.

Measles Immunization Required for School Children in '68

"All children who enroll for
the first time in California
schools after Jan. 1, 1968, must
have been immunized against
measles," Dr. Alvin R. Leonard,
Director of the Berkeley City
Health Department, announced.

The immunization law was
passed by the last session of the
California legislature and applies
to children attending both pub-
lic and private schools. The law
does not apply to those over 18
who enroll in adult education
classes or in junior college.

The full force of the anti-
measles law will not be felt in
the Berkeley district until Sep-
tember, since almost all Berkeley
children enter school for the first
time in September. In addition
to polio immunization, all chil-
dren entering kindergarten as
well as all children entering any
California elementary, junior
high or high school for the first
time will have had to be immu-
nized against measles.

Dr. Leonard urges parents of
youngsters who will be register-
ing in school for the first time

in September to have their chil-
dren immunized against measles
as soon as possible.

Written records showing that
the child has had the required
immunization, or has had measles
must be presented to the school
at the time of registration. If
this is not possible, the parent
should be prepared to state in
writing that the child has had
measles or has been immunized.
If immunization against disease
is contrary to the beliefs of a
parent or guardian, an affidavit
may be filed to that effect, and
the immunization will not be re-
quired. If for medical reasons,
it is believed that a child should
not receive the immunization, a
physician's certificate must be
filed stating the reason for the
exemption.

Dr. Leonard urged parents to
consult their family physician
for measles immunization, or to
call the Berkeley City Health De-
partment at 841-0200, extension
556, for information about the
Berkeley Health Department Im-
munization Clinic.

Social Security Benefits Increase in March Checks

Social security beneficiaries
around the country can expect
the first increased check on Sat-
urday, March 2, as a result of
changes in the social security
law which President Johnson
signed into effect on Jan. 2.

There will be a benefit increase
of at least 13 per cent in the
checks of about 13,000 men, wom-
en and children in the Berkeley-
Albany area. Beneficiaries need
not take any action to get the
increase. It will be sent auto-
matically.

Some social security benefi-
ciaries will receive more than 13
per cent increase. The minimum
benefit for workers retiring at 65

is increased from \$44 to \$55.

The average benefit payable to
a retired worker, about \$86, will
be raised to \$98, an increase of
\$12 a month. The average cou-
ple's benefit, now \$145, will go up
to \$165; and the average widow's
benefit will go up \$11, from the
current average of \$75 per month
to \$86.

The last increase in social se-
curity benefits amounted to seven
per cent, and was effective Jan-
uary, 1965.

About three out of every 10
beneficiaries who will get a lar-
ger check in March will be under
65, and many of them will be
children of deceased or disabled
workers.

The value of social security
survivors insurance is often over-
looked. Social security is more
than just a retirement system.
It is also income protection for
the family in case of the bread-
winner's death or disability.

With the increased benefit pay-
ments provided under the new
amendments to the law, the face
value of social security survivors
insurance protection is increased
to about \$940 billion. This is just
about the equivalent of the value
of all the private life insurance
now in force.

Richard O. Clark, Mayor of the City
of Albany, do hereby invite the
attention of the people of Albany
to the worthy purpose of this
week and urge that they observe
it by public recognition, where
appropriate but especially by per-
sonal and individual practice dur-
ing this week and every week
throughout the year.

'ITALIAN FESTIVAL' IN ALBANY ON MARCH 23

An enthusiastic committee, headed by Mrs. Bill Davis, has been meeting weekly for about a month planning an "Italian Festival," spaghetti dinner and dancing to live music, at the Veterans' Memorial building Saturday night, March 23.

The March of Dimes benefit will be limited to 300 for the sit-down dinner and dance. Mrs. Carl J. MacWilliams is chairman of the committee selling the \$2 tickets, which are now on sale. Those wishing to come to the dance only may attend for \$1, payable at the door. Dinner tables may be reserved by groups.

Lorrene Baum is chairman of special tickets for an RCA color television from Albany TV; a man's or lady's Lanco watch from the Omega family of fine watches, provided by Call Broth-

ers Jewelers, or a trip, details of which will be announced later.

Lacking any good Italian holiday to celebrate, the committee decided to observe the 795th anniversary of the tilting of the Leaning Tower of Pisa.

Celebrities are being invited, including Dean Martin and Sophia Loren.

Other members of the committee (and volunteers are welcome) include Bill McKenna, John Converse, Larry Baum, Rick Wrexford, Dario Meniketti, Joyce Lettrich, Joy Allen, Corinne Brennan, Helen Baum, Florence Posseltus, Audrey Runnion, Harold Van Coops and Dorothy Larimer.

Little League Planning '68 Season

Vigorous planning is being done by the Albany Little League board of directors to assure this coming baseball season a most successful one.

Semi-monthly meetings are being held where each league calendar date is being given the utmost planning.

Volunteer league personnel will soon begin work on the baseball diamonds at University Village. There are fences to put up, painting and ground preparation to be done before a Little Leaguer can participate in any form. In charge of the grounds this year is Ken Lettrich. He is manager of the National League's Giants and has been the umpire in chief of two leagues.

Sign up dates will be announced the last week of this month as well as opening day.

Plan Italian Festival March 23

CELEBRATING THE 795th anniversary of the tilting of the Leaning Tower of Pisa, an Italian Festival is planned by this March of Dimes committee Saturday night, March 23, at the Veterans Memorial building. Standing, left to right, are Albany Dimes Chairman Bill McKenna, John Converse and Bar Card Chairman Harold Van Coops. Seated are Lorrene Baum, Mothers' March Chairman Mrs. Larry Baum, Festival Chairman Dorothy Davis, and Teen Chairman Pat Corvello.

Cornell PTA Rummage Sale

Cornell School PTA has announced a rummage sale Feb. 17 at Ferreira Plumbing Company, 1724 San Pablo Ave., Berkeley.

Rummage may be brought to school by children any time before the sale. Parents are asked to include spare hangers for displaying clothing.

Those who have no children attending Cornell school, but have rummage to dispose of, may call Mrs. Russ Huber, 524-7180, and arrangements will be made to pick it up.

Chairman of the fund-raising event is Mrs. Frank Alessandro.

Lynn Fletcher Leaves Today For Uruguay

AHS Junior Lynn Fletcher has recently been designated as an American Abroad student by the selection committee, A.F.S. headquarters, New York City. For the next 12 months her new home will be in Salto, Uruguay.

The American Field Service administers an ever growing program providing American high school students the opportunity to live and study overseas and foreign students to spend a year in the United States. Presently, Daniela Verdura from Italy is a senior at Albany High school on an AFS scholarship.

Today, Lynn leaves for her new home "south of the border" and will be living with a Uruguayan family which includes two brothers and two sisters. Lynn is the daughter of Mr. and Mrs. C. E. Fletcher, 707 Gateview Avenue. She has two sisters and one brother.

It is expected her course of study for the next five months will include literature, philosophy, English, Italian and biology. Although an excellent student of French at Albany High, Lynn has been receiving special instruction in Spanish the past few days.

SUPERVISOR CHAIRMAN
ROBERT E. HANNON
IN SENATORIAL RACE

Robert E. Hannon, chairman, Alameda County Board of Supervisors, has announced his candidacy for election to the State Senate from the 11th Senatorial District.

In announcing his candidacy Hannon stated, "Over the past six years as a member of the Alameda County Board of Supervisors I have been asked by a great many taxpayers from both political parties to do something about ever-increasing property taxes resulting from the high cost of welfare and AB 80, authored by our present Senator. I find people are greatly concerned about increasing civil disobedience and crime on the streets.

"Although I am chairman of the Board of Supervisors I have found it impossible to correct these problems. I have found that the laws which produce the high local property taxes are primarily laws enacted by the State Legislature. Local government merely administers laws made by the State. For example, the welfare laws which consume 50 cents out of every tax dollar paid to Alameda County are made exclusively by the State and Federal governments. These laws are made by the State Legislature and imposed upon the County governments.

I feel strongly that legislation

must be introduced into the California State Senate to entirely revamp the runaway welfare spending in California. I have been repeatedly urged to run for the State Senate so as to properly represent the needs of the people of Alameda County.

"I have decided to heed these requests and therefore will run for State Senator to represent the 11th Senatorial District.

"I feel that three of the major issues which will be involved in this campaign are:

1. Revamping of the entire welfare program in the State of California;
2. Correcting the inequities imposed upon property taxpayers by AB 80;
3. Enactment of affirmative legislation to stem the ever-increasing civil disobedience and crime on the streets which has been experienced throughout the State of California and particularly in Alameda County in the last several years."

PHILATELIC SOCIETY

Handicapped Couple
Needs Housing

Ken Parker was studying at Boalt Hall for one and a half years when it was discovered he has multiple sclerosis. That stopped his planned career in law. Now after a period of time, Ken and his wife, who also is physically handicapped, have found stairs very hard to manage. The Parkers are living in Oakland in an apartment but are confined because of the stair problem.

They want an unfurnished two bedroom lower apartment or cottage in Berkeley or Albany where a ramp could be built for easy access. Anyone knowing of such living quarters kindly contact Ken Parker at 444-7518.

The Committee on Recreation for the Adult Physically Handicapped, which is co-sponsored by the Berkeley Recreation and Parks Department, has worked with the adult physically handicapped for some years. The purpose of the project is to bring to these people the sense of belonging and experience, within their own abilities, the recreation satisfaction available to all persons. It is now possible to enroll some more members and the committee is trying to get the message to the many shut-ins who do not know about the project. The weekly meeting is held Thursdays at Live Oak Recreation Center. For further information about enrollment and transportation facilities, phone Mrs. Spencer Fay Jones at 848-1474.

"Theater Lou," as he is sometimes called, has also been directing plays, having directed for Portal Players, Oakland Civic Theater, and a Pinole group.

"Blithe Spirit" also has three other Albany actors in the production. Sharon Fricken and Margot Diaz, Albany High drama students, have major roles. Also in the cast is Paul O'Gara.

"Blithe Spirit" plays two more weekends, Feb. 16-17 and 23-24. The play is presented at Dias Recreation Center at 2424 21st St. Curtain time is 8:30.

Entertainment

Between the two sections of the show, there will be a special presentation of a new Albany business woman, Barbara Young, who will model her own creation from B-Young Fashions in Albany Square. Claire Newman will entertain with accordion selections.

Door prizes will be awarded and refreshments served.

At the end of the show, the three top prizes, a TV, case of bourbon and \$35 merchandise order from Ber-Wel's, will be awarded in that order.

Bernice Boyd has announced she has secured about 75 prizes to be awarded to holders of admission tickets. The grand prize tickets, selling for \$1, are available from any Soroptimist and will be sold tonight.

Police Warning

A new way to bilk women came to light in Albany Tuesday, Police Chief Ralph Jensen reports.

A man who said he was looking for a baby sitter asked one woman to recommend someone. She referred him to a friend, where he arrived with the first woman's name and the story about needing a baby sitter.

The second woman invited him in. He had given her a telephone number when he said he had a headache. She went to get aspirin. While she was gone he took her wallet. She didn't notice it was gone until later. The telephone number was fictitious.

Chief Jensen repeated the warning so often issued by Albany police: **DO NOT INVITE STRANGERS INTO YOUR HOME!**

LETTERS

(Opinions expressed in Letters to the Editor are those of the writers and not necessarily those of the Times. This newspaper reserves the right to edit letters to suit space limitations or to eliminate material which might be considered libelous.)

Copy of letter to:

Elton Andrews,

Department of Finance,

Office of Planning, Room 908,

1127 - 11th Street,

Sacramento:

The Albany Bay Committee is a citizens group in the City of Albany established to promote a

beautiful and useful shoreline in Albany and oppose unplanned filling of the San Francisco Bay.

We support the request of the Albany City Council for funds with which to engage a designer for comprehensive and detailed plans for Albany's waterfront, with the following provisions:

1. The planner should be of national repute with experience in waterfront planning.

2. He should be commissioned to take a new look at the Albany waterfront and not be bound by any existing plans or fill contracts.

3. One of the alternate plans should show a minimum of fill, beautifying and utilizing the existing land area.

4. All plans should be guided

by the general criteria adopted by the Bay Conservation and Development Commission.

5. Financing research and economic feasibility studies should be made concurrently in order to establish an economically self-sustaining waterfront.

Because the fill operation in Albany is presently continuing, we believe it is urgent that the City engages a qualified planner. This in no way changes our stand opposing the present fill operation or our freedom to evaluate the resulting plans.

RAY REDEL, Chairman
Albany Bay Committee

Editor, the Times:

I am a handicapped veteran, living on a small pension. My vi-

sion and hearing are leaving me. The doctors tell me there is nothing they can do. Not wanting to worry about it, I have made projects to keep busy with, in an effort to forget my defects.

One of my projects is the history of calendars. I am collecting real old calendars to use as illustrations and have four that are 1882, 1883, 1887, 1896 and looking for others.

While I am collecting old post cards, bookmarks and Reward or Merit cards, most of my projects concern histories of holidays like Easter, Halloween and St. Valentine's Day. To make it interesting, I am collecting old valentines to use as illustrations and plan to give them to a museum when I finish.

I have two valentines that are over 125 years old and four that are over 95 years old and a few dating back to 1880, but on my limited funds, I am having a hard time getting a better represented collection of real old valentines.

I was in hopes that perhaps a few of your readers may have a few real old valentines they do not want, because I would be happy to have any they may care to send me, and be glad to get them.

Eventually, I hope to try writing a book about my projects, in an effort to earn enough from it to get off this small VA pension and have some medical care, which the VA is unable to afford me, so my projects have a dual purpose.

Wherever you want to go, AC Transit is stepping up its efforts to see you get there.

A new personalized travel plan, designed to take the wondering and waiting out of bus service, now is being offered free to would-be riders.

All that's required is a phone call or letter to the AC Transit Information Center, 653-3535.

The potential rider reports his address, where he wants to go, what time he wants to arrive and when he wants to return. Infor-

mation clerks fill out an individual plan, which lists the bus he should take, at what time, and where. There's even an alternate if the rider misses the suggested coach.

The personalized travel information is being mailed with a "Welcome Aboard" leaflet which briefly details riding advantages, including the "Stop-off and Go again" transfer plan, "Shop-A-Round" pass and Sunday the holiday excursion pass.

The package includes a "Guide

Mary Beckhusen Honored at Party

Ninety-one friends and relatives surprised Mary Beckhusen at a birthday party at the Ivy Room Friday, Feb. 2.

Invitations in the form of theater tickets had been sent out, listing the affair as a Babe Nell and Jamie Hafey production. They were the ones who planned and hosted the party.

The color scheme was yellow-orange and avocado green. Hostesses wore paper dresses matching plates and napkins and the birthday "cake" carried out the same color tones, including candle holders of green peppers.

The honor guest received a scrap book. It was put together like a theater program book, listing such items as music by Jim Whiteside, lighting by Pacific Gas and Electric, and others. There were pages for pictures, cards and signatures of guests.

Sherman Proposes Emergency Night Parking in State Parks

Senator Lewis F. Sherman of Alameda County has proposed that the State of California establish a new policy permitting parking on an emergency basis, during the hours of darkness, in the parking and picnic areas of our state parks.

"Thousands of our citizens are turned away every season from our state parks," declared Senator Sherman, "because overnight camping spots are full. These persons then move from camp to camp until darkness and sheer exhaustion force them to seek a parking space along the highway. It is obvious that the Highway Patrol is unable to provide the necessary protection for these families in widely separated remote spots. In fact, it was for this reason that legislation was enacted in 1967 prohibiting such parking. Therefore, it now becomes our obligation to provide a reasonable alternative."

"Some of our parks," continued Senator Sherman, "have large areas devoted to daylight parking and picnicking, which are vacant and unused during the hours when the campers are vainly seeking accommodations. I have proposed that these areas be opened for emergency night parking on a fee basis for those seeking campsites after dark. California residents who have traveled in Oregon, where this plan has been adopted, are enthusias-

tic about the consideration shown them."

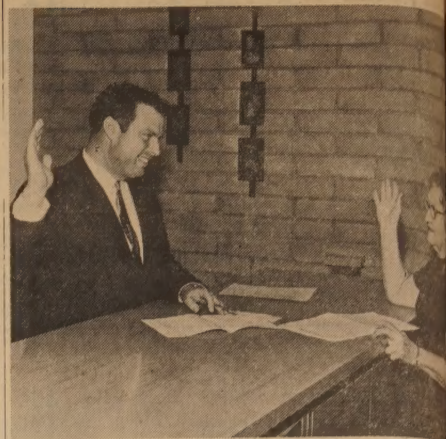

The Concurrent Resolution proposed by Senator Sherman requests the Department of Parks to make a study to determine the cost of providing this service and the fees necessary to reimburse the State. The Department is to report its findings to the 1969 session of the Legislature.

"Persons finding themselves in this predicament will be happy to pay the required fees," concluded Senator Sherman, "and I believe that this move will represent a real contribution to safety on our highways and to the peace of mind of our touring citizens. I look forward to the night when no person is turned away from any California State Park."

Mrs. Frances Thomas is the maternal great-grandmother and all are long time residents of El Cerrito. Mr. and Mrs. Joseph H. Parsons of Winters are paternal great-grandparents.
